For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating

voting through electronic means, as the authorized e-Voting's agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the EGM/AGM will be provided by CDSL.

3. The Members can join the EGM/AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the EGM/AGM through VC/OAVM will be made available to at least 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the EGM/AGM without restriction on account of first come first served basis.
4. The attendance of the Members attending the AGM/EGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
5. Pursuant to MCA Circular No. 14/2020 dated April 08, 2020, the facility to appoint proxy to attend and cast vote for the members is not available for this AGM/EGM. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM/EGM through VC/OAVM and cast their votes through e-voting.
6. In line with the Ministry of Corporate Affairs (MCA) Circular No. 17/2020 dated April 13, 2020, the Notice calling the AGM/EGM has been uploaded on the website of the Company at www.prajayengineers.com. The Notice can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively. The AGM/EGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM/EGM) i.e. www.evotingindia.com.
7. The AGM/EGM has been convened through VC/OAVM in compliance with applicable provisions of the Companies Act, 2013 read with MCA Circular No. 14/2020 dated April 8, 2020 and MCA Circular No. 17/2020 dated April 13, 2020 and MCA Circular No. 20/2020 dated May 05, 2020.
8. In continuation of this Ministry's **General Circular No. 20/2020**, dated 05th May, 2020 and after due examination, it has been decided to allow companies whose AGMs were due to be held in the year 2020, or become due in the year 2021, to conduct their AGMs on or before 31.12.2021, in accordance with the requirements provided in paragraphs 3 and 4 of the General Circular No. 20/2020 as per MCA circular no. 02/2021 dated January, 13, 2021.

THE INSTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

- (i) The voting period begins on Monday, 27 September, 2021 at 09.00 hrs. (IST) and ends on Wednesday, 29 September, 2021 at 17.00hrs. (IST).. During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date i.e. Thursday, 23 September, 2021, 23 September, 2021 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of SEBI circular no. **SEBI/HO/CFD/CMD/CIR/P/2020/242** dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Annexure-II

Information Pursuant to Section 134(3)(m) of the Companies Act, 2013, read with the Rule 8(3) of the Companies (Accounts) Rules, 2014 in respect of Conservation of Energy, Technology Absorption and Foreign Exchange Earnings and Outgo

A. CONSERVATION OF ENERGY

I. A Steps taken for conservation of energy:

- (a) Company is using CFL lamps with electronic ballasts in place of normal tube lights in staircases and terrace, which are saving 60% energy consumption than that of normal tube lights
- (b) In corridors of typical floors, we are using all LED light fixtures of lesser wattage, which is less in wattage by 50%
- (c) In the basement and external areas, we are using LED light fixtures which are less in wattage with high efficiency compared to normal conventional metal halide, sodium vapor & mercury vapor light fixtures. By using LEDs we will be able to save 50% energy consumption compared to that of CFL fixtures and 60-65% than the normal conventional light fixtures as mentioned above.
- (d) Using high efficiency motors to save power consumption. Firefighting pumps, PHE pumps which generally run continuously are of higher capacities and will consume more power. By using high efficiency motors, the power consumption will be saved by 18-20% than that of normal regular pumps.
- (e) Creating more number of fresh air paths to the basements to reduce utilization of mechanical ventilation system, resulting in reducing power consumption of forced ventilation system.

II. Steps taken by the Company for utilizing alternate sources of energy:

- (i) We are in planning of using Solar energy systems for street lighting, garden lighting & power to common loads like water pumps, fire pumps & basement ventilation fans which consume more energy
- (ii) DG power supply is one more alternative source of power supply to the premises in case of either shortage of power supply or in case of power failures. Even these generators are also of low emission with high efficiency alternators and engines to give longer span of life
- (iii) Commitment to a minimum level of certification under a green building rating will ensure that our customers are able to enjoy the benefits of clean fuels and lower energy bills.
- (iv) Innovative and intelligent planning and energy modeling is a core feature of our design practices. Orientation of our buildings coupled with appropriate fenestration significantly decreases the energy requirements for cooling and lighting.
- (v) Solar rooftop reduces the energy requirement for common area lighting Solar water heating reduces the energy requirement for hot water in residential buildings.
- (iii) The capital investment on energy conservation equipment's, if any:
There was no capital investment made on energy conservation equipment's during the year under review.

B. TECHNOLOGY ABSORPTION

I. The efforts made towards technology absorption

- (a) Technical Initiatives:
 - Deployment of machines to substitute partly or fully manual work.
 - Use of pre-fabrication fully or partly at site to increase reliability.
 - Solar technologies for common area, parking and street lighting.
 - Solar water heating for residential buildings.
- (b) Process Initiatives:
 - The organization of the work with the help of scheduling, structuring of work force in tandem with job descriptions and closing time gaps to ensure efficiency.
 - In depth planning of construction activities/procedures which in turn will result in stable levels of quality, shorter time lines and reduced consumptions of man and material at site.
 - The usage of special sub-contractors/consultants to realize tasks efficiently.

II. The benefits derived like product improvement, cost reduction, product development or import substitution: -

- Cross learning's and best practices already implemented are being replicated across all projects to optimize the construction process in terms of cost and time.
- The cost of materials has been optimized through a revision of the procurement strategy while maintaining quality.
- Materials with less embodied energy are being included as alternate materials.

III. Information regarding imported technology (imported during last 3 years) - The Company has not imported any technology during last 3 years.

IV. Expenditure incurred on Research & Development: N.A.

C. FOREIGN EXCHANGE EARNINGS AND OUTGO

During the financial year 2020-21, there was no expenditure in foreign currency. The Company has not earned any foreign exchange during the year.

MANAGEMENT DISCUSSION & ANALYSIS

1. INDUSTRY STRUCTURE AND DEVELOPMENTS:

Over view of the Real Estate Industry

The real estate sector is one of the most globally recognized sectors. In India, real estate is the second largest employer after agriculture and is slated to grow at 30 per cent over the next decade. The real estate sector comprises four sub sectors - housing, retail, hospitality, and commercial. The growth of this sector is well complemented by the growth of the corporate environment and the demand for office space as well as urban and semi-urban accommodations. The construction industry ranks third among the 14 major sectors in terms of direct, indirect and induced effects in all sectors of the economy. It is also expected that this sector will incur more non-resident Indian (NRI) investments in both the short term and the long term.

Market Size

Real estate sector in India is expected to reach a market size of US\$ 1 trillion by 2030 and contribute 13 per cent of the country's GDP by 2025. Retail, hospitality and commercial real estate are also growing significantly, providing the much-needed infrastructure for India's growing needs.

FY 2020-21

Though the Indian real estate sector witnessed a slew of structural transformations led by Real Estate (Regulation and Development) Act, 2016, Demonetization and GST etc., on the other end, these measures have helped in discouraging speculators, strengthen the home-buyer sentiment and laid foundation for healthy end user. The developers community has also started to stabilize and find its footing.

Backed by positive economic fundamentals, healthy demand and quality supply infusion across sectors, regulatory measures the real estate segment is poised for strong growth.

The country's commercial realty segment, however continues to enjoy increased capital flows. This sector witnesses the advent of new niche markets comprising co-working spaces, warehousing, student housing and senior living,

The launch of Real Estate Investment Trusts (REITs) in India has helped to institutionalize the commercial sector. Further the government remains committed to enhance the role of affordable housing, strengthening its housing for all commitment. In the recent past this industry segment was encouraged through infrastructure status, refinancing options and tax incentives.

Hospitality industry

The Indian tourism and hospitality industry has emerged as one of the key drivers of growth among the services sector in India. The sector is predicted to grow at an annual rate of 6.9% to USD 490 billion by 2028 (9.9% of GDP), which should result in good demand and high growth for the hospitality industry. The hospitality sector is expected to grow by 9% to 10% in next 5 years mainly due to high domestic demand and a muted supply. This will further get boosted due to robust corporate performance and increase in air connectivity to more destinations within the country and higher appetite for domestic leisure travel. The steady improvement suggests a strong outlook for the hospitality sector, which is showing all signs of revival and expected to grow in mid to long run.

2. OPPORTUNITIES, THREATS & CHALLENGES:

A. Opportunities:

Demand for residential properties has surged due to increased urbanization and rising household income, growing economy, regulatory reforms, policy support, rapid urbanizations, relaxation in the FDI norms for real estate sector and consequential growth in investments growth in population, rise in the number of nuclear families, easy availability of finance, repatriation of NRIs and HNIs, rise in disposable income etc., are the advantages/opportunities for real estate sector.

Your company's well accepted brand, customer centric approach, well designed projects in strategic locations makes it a preferred choice and for the customers and favorably benefit the company.

Your company's business development strategy shall be aligned towards less capital intensive projects, sharing and development management models. Additionally, your company will focus on sourcing land with large capital requirements in our target geographies under the residential co-investment platform with the company acting as the development manager for these projects. Your company will continue to improve its project execution capabilities through continuously improving internal processes and internal capability building. Optimizing return on capital and developing crisis and risk management capabilities will continue to remain the company's focus area.

B. Threats & Challenges:

The real estate sector has been facing a number of issues. Despite the real estate sector contributing the third highest share to the Indian economy, the share in outstanding loans from banks to the sector is extremely low. Regulatory environment, substantial procedural delays with regard to land acquisition, land use, project launches and construction approvals, rising cost of construction, policy changes and regulatory bottlenecks may impact profitability and affect the attractiveness of the sector and companies operating within the sector. Higher rates of statutory fees and other taxes inflate the cost of construction, making affordable housing projects financially unviable for the private sector developers. Shortage of manpower, unsold stock, scarcity of urban land and clear titles are other threats /challenges.

COVID-19 and its impact

The impact of COVID-19 on the Company is being continuously reviewed with the Management by the Directors. Due to Covid-19 pandemic and subsequent waves of various variants, the company could start its Hospitality Division's operations only from on 1 November, 2020 and revenue from the Hospitality Division has been adversely impacted during the period. The company's Construction division operations are also severely affected after 24 March, 2020. The danger of spread of Covid-19 impacted significantly the Company's operations and financial results for the period. The Company has been taking special measures required for containing the spread of Covid-19 and the operations have resumed, albeit in a subdued manner. However, limited availability of work force continues to impact the progress. The Company has taken necessary measures to control the costs and also to maintain the liquidity to ensure progress in the projects wherever possible. The Company continues to monitor the economic effects of the pandemic while taking necessary steps to improve operations.

3. SEGMENT WISE-PRODUCT WISE PERFORMANCE:

A detailed status of projects being implemented by the company is given below:

Prajay Waterfront City situated at Murharpally Village, Shamirpet

Prajay Waterfront City, spread across 72 acres of premium property in Shamirpet and overlooking a large natural lake, offers an alluring lifestyle and is located adjacent to Genome Valley. This property is an approved DTCP layout with all gated community features along with state of the art clubhouse and other amenities and is in close proximity to Alexandria Knowledge Park, a multi-crore Biotechnology SEZ. Phase- I construction of the project is completed upto 98%.

Phase II construction of Prajay Waterfront City was announced under Central Government Scheme, Pradhan Mantri Awas Yojana (PMAY) to facilitate the home buyers from the Low and Middle Income groups to get additional benefits in the form of interest subsidy announced by Hon'ble Prime Minister. We have got a tremendous response for the project with 500 independent houses booked and the construction is in progress. The phase 2 infrastructure works is 90% completed. RCC foundation of 70% houses, RCC slab for 40% houses are completed. Finishing activities in the houses - like plumbing, electrical, flooring etc, are going on in 35% houses in various stages. Around 20 houses are almost complete in all respects.

Prajay Virgin County (SPV Project) situated at Baghmankhal Village, Maheshwaram Mandal, R.R. District

This project is a mixed venture of – Villas and Apartments, and it is in close proximity to Rajiv Gandhi International Airport, Hitech City, Gachibowli Financial District and other companies like FAB city, TATA Aerospace, Adibatla. The “Villas Segment” of Virgin County consisting of around 230 Villas has achieved 100% bookings. These Villas have been handed over to the respective buyers with all amenities and infrastructure facilities such as club house, swimming pool(s) etc.

In the Apartment Segment of this project, the civil structure consisting of 432 flats were completed under Phase – I. Due to various reasons such as - zero bookings during the financial year, market off-take, and slump in real estate, the remaining phases of this segment have not been taken up yet. Further, we have applied for revised sanction of Villas in place of Apartments keeping in view the demand for villas in the Maheshwaram area.

PrajayMegapolis (SPV Project) situated at Hafeezpet Village, Serilingampally Mandal, R.R. District –

it is one of the prestigious projects of its kind coming up on a spread of 17.687 acres and will comprise around 3000 plus flats with 37,44,602.71 sft. built up area, including parking comprising of 3 cellars, ground + 18 upper floors with all gated community facilities. First phase of the project consists of three blocks with 9 towers (Tower No.12 to 20) have been handed over and more than 700 families have started staying) consisting 1113 flats of different sizes completed in all aspects and handed over to the buyers and the company has started its phase II construction.

Prajay Windsor Park situated at Pocharam, Ghatkesar Mandal, R.R. District–

This project is proposed as a Gated Community with Apartments on about 11 acres of land near Hyderabad-Warangal Highway and shares neighbourhood with premier institutions like Raheja Mind Space, Sanskrity Township and Infosys campus. Since the realty sector is passing through a difficult phase for the past few years coupled with recent Covid-19 pandemic, the company plans to hold this project in the pipeline for some more time.

Prajay Princeton Towers situated at L.B. Nagar, Saroornagar Mandal, R.R. District

Princeton Towers project is one of its kind business opportunity in the heart of the City at Saroornagar, LB Nagar with 13 floors – Ground+ 4 floors are meant for commercial purpose, 5th for office space and the rest 7 floors for hotel rooms, restaurants and banquet halls. The project has been funded by banks under consortium arrangement lead by State Bank of India. Now the entire outstanding with 4 banks have been cleared out of 5 banks and the company is in process of liquidating the outstanding with the remaining 1 bank under compromise settlement. Part of the commercial space in Ground Floor and Fifth floor are sold while remaining is occupied under rental basis. From First to Fourth floors, it is vacant and the company is in the process of identifying the prospective tenants to house their super markets, showrooms etc.

Prajay Blue Hope - situated at Abids Road, Hyderabad

Prajay Blue Hope, a Joint Development with Legend, is a commercial cum residential project with 8 floors in 4032 sq. yards and situated at the heart of the city at Abids. Ground and First floor are meant for retail purpose, 2-4 floors earmarked for Office space and the rest 5-8 floors are meant for residential purpose – the construction work is in progress.

4. RISKS AND CONCERNS:

Your company is exposed to a number of risks such as economic, regulatory, taxation and environments risks as well as sectoral investment outlook. Some risks that may arise in the normal course of business that could impact its ability to address the future development comprise credit risk, liquidity risk, counterparty risk, regulator y risk, commodity inflation risk and market risk.

Market Risk: Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: interest rate risk and other price risk, such as equity price risk and commodity/ real estate risk. Financial instruments affected by market risk include loans and borrowings and refundable deposits.

Credit Risk: Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including refundable joint development deposits, security deposits, loans to employees and other financial instruments.

Liquidity Risk: The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank deposits and loans.

The company aims to understand measure and monitor the various risks to which it is exposed and to ensure that it adheres, as far as reasonably and practically possible, to the policies and procedures established by it to mitigate these risks.

Market price fluctuation: The performance of your Company may be affected by the sales realizations from the its projects. These prices are driven by prevailing market conditions, the nature and location of the projects, and other factors such as brand and reputation and the design of the projects. Your Company d tries to ensure steady cash flow even during adverse pricing scenario.

Industrial cyclicity: The real estate market is inherently a cyclical market and is affected by macro-economic conditions, changes in applicable governmental schemes, changes in supply and demand for projects, availability of consumer financing and liquidity. Your company is attempting to hedge these risks by adopting models comprising joint ventures, residential platforms. However, any further significant down turn in the industry and the overall investment climate may adversely affect the business.

Statutory approvals: This sector is heavily regulated by the central, state and local governments. Real estate developers are required to comply with a number of laws and regulations. Delays in approvals cause delay in project completion timelines, leading to capital blockage and high interest burden to the developers.

5. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

The Company has adequate internal control systems and procedures designed to effectively control its operations. The internal control systems are designed to ensure that the financial and other records are reliable for the preparation of financial statements and for maintaining assets. The Company has well designed Standard Operating Procedures considering the essential components of internal control as stated in the Guidance Note on Audit of Internal Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. Internal Auditor conduct audit covering a wide range of operational matters and ensure compliance with specified standards. Planned periodic reviews are carried out by Internal Audit. The findings of Internal Audit are reviewed by the top management and by the Audit Committee of the Board of Directors. Based on the deliberations with Statutory Auditors to ascertain their views on the financial statements including the Financial Reporting System and Compliance to Accounting Policies and Procedures, the Audit Committee was satisfied with the adequacy and effectiveness of the Internal Controls and Systems followed by the company.

The overall financial performance of the company is improved and losses are reduced as compared to previous year on account of cost reduction measures taken up which in turn improved the utilisation of shareholders' funds.

7. MATERIAL DEVELOPMENT IN HUMAN RESOURCES / INDUSTRIAL FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED:

Your company believes that the quality of employees is the key to its success and is committed to provide necessary human resource development and training opportunities to equip employees with additional skills to enable them to adapt to contemporary technological advancements.

Industrial relations during the year continued to be cordial and the Prajay group is committed to maintain good industrial relations through effective communication, meetings and negotiations.

8. OUTLOOK:

Post implementation of The Real Estate (Regulation and Development) Act, 2016 (RERA), developers are focusing firmly on selling their existing ready inventory and finishing their near completion projects rather than launching new

projects. With several smaller realty developers interested in either monetizing their land parcels on outright basis or entering into joint development or development management agreements, your Company believes that RERA shall result in a consolidation in the sector.

Overall, the Real Estate sector is showing growth as compared to last year. Consequently, the Indian real estate sector will emerge stronger, healthier and capable of long periods of sustained growth, provided adequate policy/regulatory support. their land parcels on outright basis or entering into joint development or development management agreements, your

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statement give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the recognition and measurement principles laid down in the applicable Indian Accounting Standards, and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2021, its profit/loss and other comprehensive income, changes in equity and its cash flows for the year ended on the date.

Basis for Opinion

We conducted our audit in accordance with the standards on Auditing (SAs) specified under section 143 (10) of the Act. Our responsibilities under those SAs are further described in the Auditors' Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the company in accordance with the code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matters

We draw attention to below mentioned Notes to standalone annual financial results :

a. Note 41 relating to a demand notice received by the company,

b. Note 39(a) of the Standalone Financial Statements, in respect of trade receivable considered good include an amount of Rs.18295.04 Lakhs due from customers which are outstanding for more than six months. We are unable to comment on the realization of these receivables in the absence of conformation from the concerned parties. An amount of Rs.1246.96 Lakhs is set aside towards provision for trade receivables considered as doubtful.

c. Note 39(b) of the standalone financial statements, in respect of Loans & Advances amounting to Rs.6151.12 lakhs towards purchase of Land/Development towards certain project of long term nature, and an amount of Rs.1055.55 Lakhs given to suppliers, etc outstanding. We are unable to comment on the realization of these advances. An amount of Rs.700 Lakhs is set aside towards provision for Advances considered as doubtful.

As more specifically explained in Note 2 to the financial statements, the Company has made a detailed assessment of its liquidity position for the next year and the recoverability and carrying value of its assets comprising property, plant and equipment, investments, inventory and trade receivables. Based on current indicators of future economic conditions, the Company expects to recover the carrying amount of these assets. The Company continues to evaluate them as highly probable considering the orders in hand. The situation is changing rapidly giving rise to inherent uncertainty around the extent and timing of the potential future impact of the COVID-19 pandemic which may be different from that estimated as at the date of approval of the financial results. The Company will continue to closely monitor any material changes arising of future economic conditions and impact on its business.

We draw attention to the standalone financial results. There are some uncertainties and possible effects of Covid-19 on the operations of the Company.

Our opinion is not modified in respect of these matters.

Key Audit Matters

Key audit matters are those matters that in our professional judgement, Were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Revenue recognition (refer note 3.1 to the standalone financial statements)

| The key Audit Matter | How the matter was addressed in our audit |
|--|--|
| <p>Revenue from sale of residential and commercial units represents 92.30% of the total revenue from operations of the company.</p> <p>Revenue recognition – Fixed price development contracts The Company inter alia engages in fixed – price development contracts, where, revenue is recognized using the percentage of completion computed as per the input method based on management's estimate of contract costs (Refer Note 3.1 to the standalone financial statements).</p> <p>Measurement of revenue recorded over time which is dependent on the estimates of the costs to complete Revenue recognition involves significant estimates related to measurement of costs to complete for the projects. Revenue from projects is recorded based on management's assessment of the work completed, costs incurred and accrued and the estimate of the balance costs to complete. Due to the inherent nature of the projects and significant judgement involved in the estimate of costs to complete, there is risk of overstatement or understatement of revenue.</p> <p>At Year-end a significant amount of work in progress related to these contracts is recognized on the balance sheet.</p> | <p>Our audit procedures on revenue recognition included the following;</p> <ul style="list-style-type: none">• Evaluating that the company's revenue recognition accounting policies are in line with the applicable Accounting standards and their application to the key customer contracts including consistent application; Sales cut-off procedures for determination of revenue in the current reporting period.• Scrutinizing all the revenue journal entries raised throughout the reporting period and comparing details of a sample of these journals, Which met certain risk-based criteria, with relevant underlying documentation;• Conducting site visits during the year for selected projects to understand the scope and nature of the projects and to assess the progress of the projects and• Considered the adequacy of the disclosures in note 2 & 3 to the standalone financial statement in respect of the judgement taken in recognizing revenue for residential and hospitality sector. <p>In addition, we have the performed the following procedures:</p> <p>Revenue recognition prior to receipt of OC / similar approval and intimation to the customer</p> <ul style="list-style-type: none">• Discussing and challenging key management judgements in interpreting contractual terms including obtaining in- house legal interpretations;• Testing sample sales of units for projects with the underlying contracts, completion status and proceeds received from customers;• Identified and tested operating effectiveness of key controls around approvals of contracts, milestone billing, intimation of possession letters / intimation of receipt of occupation certificate and controls over collection from customers; and• We have obtained confirmations, on a sample basis, from major customers for selected projects to confirm revenue recognized during the year end, performing alternative procedures by comparing details with contracts , collection details and other underlying project related documentation for cases where confirmations are not received. <p>Measurement of revenue recorded over time which is dependent on the estimates of the costs of complete Compared, on a sample basis, revenue transactions recorded during the year with the underlying contracts, progress reports,</p> |

Inventories (refer note 11 to standalone financial statements)

| The key Audit Matter | How the matter was addressed in our audit |
|--|---|
| <p>Inventories comprising of land, construction work in progress, food & beverages represent 29.86% of the Company's total assets.</p> <p>Assessing net realizable value</p> <p>The Company recognizes profit on each sale by reference to the overall project margin, which is the projected profit percentage for a phase that may comprise multiple units and can last a number of years. The recognition of profit is therefore dependent on the estimate of future selling prices and build costs including an allowance for risk. Further estimation uncertainty and exposure to cyclicity exists within the long term projects.</p> <p>Forecasts of future sales are dependent on market conditions, which can be difficult to predict and be influenced by political and economic factors.</p> <p>Inventory represents the capitalized project costs to date less amounts expensed on sales by reference to the aforementioned projections. It is held at the lower of cost and net realizable value, the latter also being based on the forecast for the project. As such inappropriate assumptions in these forecasts can impact the assessment of the carrying value of inventories.</p> <p>Further, due to their materiality in the context of total assets of the Company this is considered significant to our overall audit strategy and planning.</p> | <p>Our audit procedures to assess the net realizable value (NRV) of inventories included the following:</p> <ul style="list-style-type: none"> • Discussion with the management to understand the basis of calculation and justification for the estimated recoverable amounts of the unsold units ("the NRV assessment"); • Evaluating the design and implementation of the Company's internal controls over the NRV assessment. Our evaluation included assessing whether the NRV assessment was prepared and updated by appropriate personnel of the Company and whether the key estimates, including estimated future selling prices and costs of completion for all property development projects, used in the NRV assessment, were discussed and challenged by management as appropriate; • Evaluating the management's valuation methodology and assessing the key estimates, data inputs and assumptions adopted in the valuations, which included comparing expected future average selling prices with available market data such as recently transacted prices for similar properties located in the nearby vicinity of each property development project and the sales budget plans maintained by the Company; • Re-performing the calculations of the NRV assessment and comparing the estimated construction costs to complete each development with the Company's updated budgets. |

Land Advances - (refer note 10 to the standalone financial statements)

| The key Audit Matter | How the matter was addressed in our audit |
|---|---|
| <p>Assessment of recoverability of land advances</p> <p>Land advance represents a sizeable portion of the Company's total assets.</p> <p>Land advance represents the amount paid towards procurement of land parcels to be used in the future, for construction of residential projects. These advances are carried at cost less</p> | <p>Our audit procedures to assess the recoverability of land advances included the following;</p> <ul style="list-style-type: none"> • For our samples, verified the underlying agreements in possession of the Company, based on which land advances were given; • Discussion with the management to understand their plan for conversation of these land advances into land |

Investment in subsidiaries and loans to group companies (refer to note 8, 9 and 10 to the standalone financial statements)

| The key Audit Matter | How the matter was addressed in our audit |
|--|---|
| <p>The carrying amount of the investments in subsidiaries, held at cost represents 8.49%, to associate, represents 3.68% of the Company's total assets respectively.</p> <p>Recoverability of investment in subsidiary, joint ventures and an associate</p> <p>The Company has investments in subsidiaries, joint ventures and an associate company which are considered to be associated with significant risk in respect of valuation of such investments. These investments are carried at cost less any diminution in value of such investments.</p> <p>In addition, considering the materiality of the investments in subsidiaries, joint ventures and an associate, vis-à-vis the total assets of the Company, this is considered to be significant to our overall audit strategy and planning.</p> | <p>Recoverability of investment in subsidiary, joint ventures and an associate</p> <p>Our audit procedures included:</p> <ul style="list-style-type: none"> Comparing the carrying amount of investments with the relevant subsidiaries, joint ventures and associate balance sheet to identify whether their net assets, being an approximation of their minimum recoverable amount, were in excess of their carrying amount and assessing whether those subsidiaries, joint ventures and an associate have historically been profit-making; For the investments where the carrying amount exceeded the net asset value, comparing the carrying amount of the investment with the projected profitability based on approved business plans of the subsidiaries joint ventures and an associate; Considering the adequacy of disclosures in respect of the investment in subsidiaries, joint ventures and an associate. |

| <p>Recoverability of loans to subsidiaries and joint ventures</p> <p>The Company has extended loans to joint ventures and subsidiaries that are assessed for recoverability at each period end.</p> <p>Financial assets, which include current loans to joint ventures and subsidiaries aggregated to Rs 2225.10 lakhs at 31 March 2021</p> <p>Due to the nature of the business in the real estate industry, the Company is exposed to heightened risk in respect of the recoverability of the loans and advances granted to the aforementioned related parties.</p> <p>There is also judgement involved as to the recoverability of the working capital and project specific loans, Which rely on a number of property developments being completed over the time period specified in agreements.</p> | <p>Recoverability of loans to subsidiaries and joint ventures</p> <p>Our procedures included:</p> <ul style="list-style-type: none"> We reviewed the controls in place for issuing new loans and evidenced the Board/MD approval obtained. We obtained management's assessment of the recoverability of the loans, Which includes cash flow projections over the duration of the loans. These projections are based on underlying property development appraisals; We tested cash receipts received in relation to these loans during the year through to bank statement; and <p>We have obtained independent confirmations to ensure completeness and existence of loans and advances held by related parties as on 31 March 2021.</p> |

Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the standalone financial statements and our auditors' report there on.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion there on.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statement or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act, with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flow of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the Preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibility for the audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise Professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the

Company's ability to continue as a going concern . If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation , structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ('the Order'), issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment and investment properties.
- (b) The Company has a regular programme of physical verification of its property, plant and equipment and investment properties by which the property, plant and equipment and investment properties are verified by the management according to a phased programme designed to cover all the items over a period of three years.

In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. In accordance with the policy, the Company has physically verified certain property, plant and equipment and investment properties during the year and no discrepancies were noticed in respect of assets verified during the year.

- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the Company.
- (ii) The company inventory includes construction work in progress accordingly the requirements under paragraph 3(ii) of the Order is not applicable for construction work in progress. The inventory comprising of finished goods has been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable. No discrepancies were noticed on verification between the physical stocks and the book records.
- (iii) The Company has granted unsecured loans to companies, limited liability partnerships covered in the register maintained under Section 189 of the Companies Act, 2013 ('the Act'). The Company has not granted any loans, secured or unsecured, to firms or other parties covered in the register required to be maintained under Section 189 of the Act.
- (a) According to the information and explanations given to us and based on the audit procedure conducted by us, we are of the opinion that the rate of interest and other terms and conditions of unsecured loans granted by the Company to companies and limited liability partnerships covered in the register required to be maintained under Section 189 of the Act are not, prima facie, prejudicial to the interest of the Company.
- (b) According to the information and explanations given to us and based on the audit procedures conducted by us, the unsecured loans granted to companies and limited liability partnerships and the interest there on are repayable on demand. The borrowers have been regular in payment of principal and interest as demanded.

- (c) There are no overdue amounts of more than 90 days in respect of the unsecured loans granted to companies and limited liability partnerships by the Company.
- (iv) In our opinion, and according to the information and explanations given to us and based on the audit procedures conducted by us, the Company has complied with the provisions of Section 185 and 186 of the Act, with respect to loans granted, guarantees provided and investments made by the Company. The Company has not provided any security during the year to the parties covered under Section 185 and 186 of the Act. Accordingly, compliance under Section 185 and 186 of the Act in respect of providing securities is not applicable to the Company.
- (v) In our opinion, and according to the information and explanations given to us, the Company has not accepted deposits as per the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under. Accordingly, paragraph 3 (v) of the Order is not applicable of the Company.
- (vi) We have broadly reviewed the books of accounts maintained by the Company pursuant to the rules prescribed by the Central Government for the maintenance of cost records under Section 148 (1) of the Act and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the records.
- (vii) (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Provident Fund, Employees' State Insurance, Goods and Service Tax, Labour Cess, Professional Tax, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. Amounts deducted / accrued in the books of account in respect of undisputed statutory dues of Income Tax have generally been regularly deposited during the year by the Company with the appropriate authorities, though there have been slight delays in a few cases. As explained to us, the Company did not have any dues on account of wealth tax.

According to the information and explanations given to us, no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Professional Tax, Property Tax, Labour Cess, Goods and Service Tax, Cess and other material statutory dues were in arrears as at 31 March 2021 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us, there are no dues of Income Tax, Sales Tax, Service Tax, Value Added Tax, Goods and Service Tax as at 31 March 2021, which have not been deposited with the appropriate authorities on account of any dispute, except as stated below:

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT – 31 MARCH 2021

Report on the Internal Financial Controls with reference to the aforesaid standalone financial statements under Clause (I) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

(Referred to in paragraph (A) (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to standalone financial statements of Prajay Engineers Syndicate Limited ("The Company") as of 31 March 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on the date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such internal financial controls were operating effectively as at 31 March 2021, based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note")

Management's Responsibility by Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal controls with reference to standalone financial statements criteria established by the Company considering the essential components or internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation or reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with respect to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143 (10) of the Act, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with respect to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with respect to standalone financial statements included obtaining an understanding of internal financial controls with respect to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to standalone financial statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A Company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purpose in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company, (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts

and expenditures of the company are being made only in accordance with authorizations of management and directors of the company, and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluations of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Prajay Engineers Syndicate Limited

Notes forming part of the financial statements

(All amounts in Indian Rupees Lakhs, except share data and where otherwise stated)

1. General information

Prajay Engineers Syndicate Limited (the Company) is a public company domiciled & incorporated under the provisions of the Companies Act, 1956 on April 19, 1994. The Company is engaged primarily in the business of real estate construction, development and maintaining hospitality projects. The shares of the Company are listed on two stock exchanges in India i.e. National Stock Exchange (NSE) and Bombay Stock Exchange (BSE).

2. Basis of preparation of standalone financial statements

2.1 Statement of compliance

The financial statements of the Company have been prepared and presented in accordance with the Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules 2015 as amended from time to time.

2.2 Accounting convention

These financial statements have been prepared on the historical cost convention and on an accrual basis, except for the following material items in the statement of financial position:

- certain financial assets and liabilities are measured at fair value;
- employee defined benefit assets/(liability) are recognized as the net total of the fair value of plan assets, plus actuarial losses, less actuarial gains and the present value of the defined benefit obligation;
- long term borrowings are measured at amortized cost using the effective interest rate method.

2.3 Functional currency

The financial statements are presented in Indian rupees, which is the functional currency of our Company. Functional currency of an entity is the currency of the primary economic environment in which the entity operates.

2.4 Operating cycle

All the assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013.

Assets:

An asset is classified as current when it satisfies any of the following criteria:

- a) it is expected to be realized in, or is intended for sale or consumption in, the Company's normal operating cycle;
- b) it is held primarily for the purpose of being traded;
- c) it is expected to be realized within twelve months after the reporting date; or
- d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

Liabilities:

A liability is classified as current when it satisfies any of the following criteria:

- a) it is expected to be settled in the Company's normal operating cycle;
- b) it is held primarily for the purpose of being traded;
- c) it is due to be settled within twelve months after the reporting date; or
- d) the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current assets/ liabilities include the current portion of non-current assets/ liabilities respectively. All other assets/ liabilities are classified as non-current.

3. Significant accounting policies

3.1 Revenue recognition

Revenue is recognized when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated costs can be estimated reliably, there is no continuing management involvement with the goods and the amount of revenue can be measured reliably. Revenue is measured at the fair value of the consideration received or receivable, net of taxes and applicable trade discounts and allowances.

- (i) Revenue from sale of land / plots is recognized in the financial year in which the agreement to sell is executed, at which time all the following conditions are satisfied:
 - the Company has transferred to the buyer the significant risks and rewards of ownership;
 - the Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the land sold;
 - the amount of revenue can be measured reliably;
 - it is probable that the economic benefits associated with the transaction will flow to the Company; and the costs incurred or to be incurred in respect of the transaction can be measured reliably.
- (ii) Revenue from constructed properties (excluding GST) is recognized on the "percentage of completion method". The total sale consideration as per the agreements to sell constructed properties entered is recognized as revenue only when the stage of completion is 20 percent or more when the outcome of the project can be estimated reliably. When it is probable that total costs will exceed the total project revenue the expected loss is recognized immediately.
GST does not form part of gross revenue.
- (iii) Contract revenue from the construction contracts are recognized on "percentage of completion method measured by survey of work performed" depending on the nature of the contract. The revenue on construction contract is recognized only when the stage of completion is 20 percent or more when the outcome of the contract can be estimated reliably. When it is probable that the total cost exceeds the total contract revenue, the expected loss is recognized immediately.
- (iv) Income from sale of Rooms, Food and Beverages and allied services relating to hotel operations is recognized upon rendering of the service. Income stated is exclusive of amount received towards sales tax/ service tax /GST etc.
- (v) In respect of membership (club) sales, revenue is recognized as under:
 - Life membership, Permanent membership and Time-share membership over a period of 15 years,
 - Long-term membership over a period of 3 years.
 - Health club membership fully in the year of receipt.

Dividend and interest income

Dividend income from investments is recognized when the shareholder's right to receive payment has been established.

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on, time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Prajay Engineers Syndicate Limited
Notes forming part of the financial statements

(All amounts in Indian Rupees Lakhs, except share data and where otherwise stated)

3.2 Cost of construction

Cost of constructed properties includes cost of land (including land under agreements to purchase), estimated internal development costs, external development charges, constructions costs and development/ construction materials, which is charged to the statement of profit and loss based on the percentage of revenue recognized, in consonance with the concept of matching costs and revenue. Final adjustment is made on completion of the applicable project.

Cost of Construction Contracts includes estimated construction costs and construction material, which is charged to the statement of profit and loss based on percentage of revenue recognized measured by survey of work performed as per accounting policy above, depending on the nature of the contract, in consonance with the concept of matching costs and revenue. Final adjustment is made on completion of the applicable project.

Overhead expenses comprising costs other than those directly charged to the jobs are distributed over the various projects on a pro-rata basis having regard to the activity and nature of such projects.

3.3 Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Rental expense from operating leases is generally recognised on a straight-line basis over the term of relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increase, such increases are recognised in the year in which such benefits accrue. Contingent rentals arising under operating leases are recognised as an expense in the period in which they are incurred.

3.4 Foreign currencies

In preparing the financial statements of the Company, transactions in currencies other than the company's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

3.5 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

3.6 Taxation

Income tax expense consists of current and deferred tax. Income tax expense is recognized in the income statement except to the extent that it relates to items recognized directly in equity, in which case it is recognized in equity.

Current tax

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax

Deferred tax is recognized using the balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognized for the following temporary differences: the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit; differences

Prajay Engineers Syndicate Limited

Notes forming part of the financial statements

(All amounts in Indian Rupees Lakhs, except share data and where otherwise stated)

relating to investments in subsidiaries and jointly controlled entities to the extent that it is probable that they will not reverse in the foreseeable future; and taxable temporary differences arising upon the initial recognition of goodwill. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date. Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

A deferred tax asset is recognized to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

3.7 Earnings per share

The Company presents basic and diluted earnings per share ("EPS") data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, which includes all stock options granted to employees.

3.8 Property, plant and equipment

Recognition and measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes expenditures that are directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the cost of materials and other costs directly attributable to bringing the asset to a working condition for its intended use. Borrowing costs that are directly attributable to the construction or production of a qualifying asset are capitalized as part of the cost of that asset.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Gains and losses upon disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment and are recognized net within "other (income)/expense, net" in the income statement.

The cost of replacing part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The costs of repairs and maintenance are recognized in the income statement as incurred.

Items of property, plant and equipment acquired through exchange of non-monetary assets are measured at fair value, unless the exchange transaction lacks commercial substance or the fair value of either the asset received or asset given up is not reliably measurable, in which case the asset exchanged is recorded at the carrying amount of the asset given up.

Depreciation

Depreciation is recognized in the income statement on a straight-line basis over the estimated useful lives of property, plant and equipment as prescribed in Schedule II to the Companies Act, 2013. Leased assets are depreciated over the shorter of the lease term and their useful lives. The depreciation expense is included in the costs of the functions using the asset. Land is not depreciated.

Software for internal use, which is primarily acquired from third-party vendors and which is an integral part of a tangible asset, is capitalized as part of the related tangible asset. Subsequent costs associated with maintaining such software are recognized as expense as incurred. The capitalized costs are amortized over the estimated useful life of the software or the remaining useful life of the tangible fixed asset, whichever is lower.

3.9 Inventories

Inventories are valued as under:

- Land earmarked for property development is valued at cost. Cost includes land acquisition cost, registration charges and stamp duty.
- Constructed properties includes cost of land, premium for development rights, construction costs and allocated interest and expenses incidental to the projects undertaken by the company.
- Stock of food and beverages are carried at cost and net realizable value, whichever is lower. Cost is determined on the "weighted average" method.

3.10 Impairment of non-financial assets

The carrying amounts of the Company's non-financial assets, other than inventories and deferred tax assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

The recoverable amount of an asset or cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or the cash-generating unit. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

An impairment loss is recognized in the income statement if the estimated recoverable amount of an asset or its cash-generating unit is lower than its carrying amount. Impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized. Goodwill that forms part of the carrying amount of an investment in an associate is not recognized separately, and therefore is not tested for impairment separately. Instead, the entire amount of the investment in an associate is tested for impairment as a single asset when there is objective evidence that the investment in an associate may be impaired.

An impairment loss in respect of equity accounted investee is measured by comparing the recoverable amount of investment with its carrying amount. An impairment loss is recognized in the income statement, and reversed if there has been a favorable change in the estimates used to determine the recoverable amount.

3.11 Employee benefits

Short-term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognized for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Defined contribution plans

The Company's contributions to defined contribution plans are charged to the income statement as and when the services are received from the employees.

Defined benefit plans

The liability in respect of defined benefit plans and other post-employment benefits is calculated using the projected unit credit method consistent with the advice of qualified actuaries. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates of high-quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating to the terms of the related defined benefit obligation. In countries where there is no deep market in such bonds, the market rates on government bonds are used. The current service cost of the defined benefit plan, recognized in the income statement in employee benefit expense, reflects the increase in the defined benefit obligation resulting from

Prajay Engineers Syndicate Limited

Notes forming part of the financial statements

(All amounts in Indian Rupees Lakhs, except share data and where otherwise stated)

employee service in the current year, benefit changes, curtailments and settlements. Past service costs are recognized immediately in income. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the income statement. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to equity in other comprehensive income in the period in which they arise.

Termination benefits

Termination benefits are recognized as an expense when the Company is demonstrably committed, without realistic possibility of withdrawal, to a formal detailed plan to either terminate employment before the normal retirement date, or to provide termination benefits as a result of an offer made to encourage voluntary redundancy. Termination benefits for voluntary redundancies are recognized as an expense if the Company has made an offer encouraging voluntary redundancy, it is probable that the offer will be accepted, and the number of acceptances can be estimated reliably.

Other long-term employee benefits

The Company's net obligation in respect of other long term employee benefits is the amount of future benefit that employees have earned in return for their service in the current and previous periods. That benefit is discounted to determine its present value. Re-measurements are recognized in the statement of profit and loss in the period in which they arise.

3.12 Provisions

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

3.13 Contingent liabilities & contingent assets

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are not recognised in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

3.14 Financial instruments

Initial recognition

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issues of financial assets and financial liabilities that are not at fair value through profit or loss, are added to the fair value on initial recognition.

Subsequent measurement

Non-derivative financial instruments

- Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held with a business model whose objective to hold the asset in order to collect contractual cash flows, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

- Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held with a business model whose objective is achieved by collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are

solely payments of principal and interest on the principal amount outstanding. Further in cases where the Company had made an irrevocable election based on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognized in other comprehensive income.

- Investment in subsidiaries and associates

Investment in subsidiaries and associates are carried at cost in the separate financial statements.

- Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to short maturity of these instruments.

4. **Fixed Assets:** Freehold land and buildings (properties) were carried in the balance sheet prepared in accordance with Indian GAAP on the basis of carrying cost (cost model) on 31 March 2015. The company has elected to regard those carrying costs of property as deemed cost at the date of transition. Accordingly, the Company has not revalued the property at 1 April 2015.

Investments in associates and subsidiaries: The Company has elected to continue with the carrying value of its investments in subsidiary companies and associate companies as of April 1, 2015 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

5. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in note 3, the management of the Company are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The following are the areas of estimation uncertainty and critical judgements that the management has made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognized in the financial statements:

Provision and contingent liability

On an ongoing basis, Company reviews pending cases, claims by third parties and other contingencies. For contingent losses that are considered probable, an estimated loss is recorded as an accrual in financial statements. Loss Contingencies that are considered possible are not provided for but disclosed as Contingent liabilities in the financial statements. Contingencies the likelihood of which is remote are not disclosed in the financial statements. Gain contingencies are not recognized until the contingency has been resolved and amounts are received or receivable.

Useful lives of depreciable assets

Management reviews the useful lives of depreciable assets at each reporting. As at March 31, 2021 management assessed that the useful lives represent the expected utility of the assets to the Company. Further, there is no significant change in the useful lives as compared to previous year.

Investment in equity instruments of subsidiary and associate companies

During the year, the Company assessed the investment in equity instrument of subsidiary and associate companies carried at cost for impairment testing. These companies are expected to generate positive cash flows in the future years. Detailed analysis has been carried out on the future projections and the Company is confident that the investments do not require any impairment.

29. Segment information

The senior management of the Company monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Accordingly, the Company has identified following as its reportable segment for the purpose of Ind AS 108:

- a) Real estate segment;
- b) Hotels and resorts segment.

Real Estate segment (RE) is into development, sale, management and operation of all or any part of Town ships, housing projects, also includes leasing of self-owned commercial premises.

Hotels and Resorts Segment (HR) is into upkeep and maintenance of Hotels, Restaurants and Resorts. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the financial statements. Also, the Company's financing (including finance costs and finance income) and income taxes are managed on an overall basis and are not allocated to operating segments.

Transfer prices between operating segments are on an arm's length basis in a manner similar to transactions with third parties.

The following table's present revenue and profit information for the Company's operating segments for the year ended March 31, 2021 and March 31, 2020 respectively.

30. Gratuity

The Company has a defined benefit gratuity plan (funded). The Company's defined benefit gratuity plan is a final salary plan, which requires contributions to be made to a separately administered fund.

The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the act, employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the member's length of service and salary at retirement age.

31. Earnings per share

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders by the weighted average number of Equity shares outstanding during the year.

Diluted EPS amounts are calculated by dividing the profit attributable to equity holders by the weighted average number of Equity shares outstanding during the year plus the weighted average number of Equity shares that would be issued on conversion of all the dilutive potential Equity shares into Equity Shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

| Particulars | 31 March 2021 | 31 March 2020 |
|---|----------------------|----------------------|
| Profit/(Loss) after tax attributable to shareholders in INR Lakhs | (289.69) | (463.71) |

| Earnings per Share (Basic & Diluted) | (0.41) | (0.66) |

32. As stated in Note 3.1(ii) for recognizing profit on projects, stage of completion is determined as a proportion that project costs incurred for the work performed bear to the estimated total costs. Further, as stated in that note expected loss on projects is recognized when it is probable that the total project costs will exceed the total project revenue. For this purpose total project costs are ascertained on the basis of project costs incurred and costs to completion of projects on progress, which is arrived at by the Management, based on current technical data, forecasts and estimate of net expenditure to be incurred in future including for contingencies etc., which being technical matters have been relied on by auditors. Further, in respect of certain properties where sale agreement has been entered with parties even though money has not been received as per stipulation in the contract, the Company has recognized revenue and debtors as management is confident that it shall be able to realize the sale proceeds.

33. As stated in Note.3.1(iii) the method used to recognize the contract revenue is percentage of completion method measured by survey of work performed. Further, as stated in the note, expected loss on contracts is recognized when it is probable that the total contract cost will exceed the total contract revenue. For this purpose total contract cost is ascertained on the basis of contract cost incurred and cost to completion of contract on progress ,which is arrived at by the management, based on current technical data, forecasts and estimate of net expenditure to be incurred in future including for contingencies etc, which being technical matters have been relied on by auditors.

41. The Secured Loan (Inter Corporate Deposit) of Rs.3,200.00 Lakhs from Prajay Properties Private Limited is continuing as Interest free by virtue of the agreement Dated 6th October '2009.

Since some of the statutory approvals for Prajay Megapolis project are yet to be obtained, crystallization of loan repayment time schedule has not taken place as on 31.03.21.

A demand notice has been received by the company from M/s Prajay Properties Private Limited (an associate company) under the signature of Ms.Jamila Mohamed Hamed Al Jabri, Investor nominee director of M/s Prajay Properties Private Limited(PPPL), stating that in the year 2010, an amount of INR 120.60 crores siphoned from PPPL in the name of Inter Corporate Deposits. However, we would like to inform that a settlement agreement has been reached with the investors which has not implemented for want of legal opinion from the investor's solicitor. The above said notice is also connected to the same matter. The company is taking appropriate steps to address the matter.

42. Financial risk management objectives and policies

The Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance and support Company's operations. The Company's principal financial assets include inventory, trade and other receivables, cash and cash equivalents and land advances and refundable deposits that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarized below.

Prajay Engineers Syndicate Limited
Notes forming part of the Standalone Financial Statements

(All amounts in Indian Rupees Lakhs, except share data and where otherwise stated)

a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: interest rate risk and other price risk, such as equity price risk and commodity/ real estate risk. Financial instruments affected by market risk include loans and borrowings and refundable deposits. The sensitivity analysis in the following sections relate to the position as at March 31, 2021 and March 31, 2020. The sensitivity analyses have been prepared on the basis that the amount of net debt and the ratio of fixed to floating interest rates of the debt.

The analysis excludes the impact of movements in market variables on: the carrying values of gratuity and other post retirement obligations; provisions.

The below assumption has been made in calculating the sensitivity analysis:

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2021 and March 31, 2020.

i. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings. The Company does not enter into any interest rate swaps.

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

| Particulars | Increase/decrease in interest rate | Effect on profit before tax(INR Rs.Lakhs) |
|-----------------------|------------------------------------|---|
| March 31, 2021 | | |
| INR | +1% | (211.16) |
| INR | -1% | 211.16 |
| | | |
| March 31, 2020 | | |
| INR | +1% | (209.37) |
| INR | -1% | 209.37 |

b) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including refundable joint development deposits, security deposits, loans to employees and other financial instruments.

Trade receivables

- Receivables resulting from sale of properties: Customer credit risk is managed by requiring customers to pay advances before transfer of ownership, therefore, substantially eliminating the Company's credit risk in this respect.

Prajay Engineers Syndicate Limited

Notes forming part of the Standalone Financial Statements

(All amounts in Indian Rupees Lakhs, except share data and where otherwise stated)

- Receivables resulting from other than sale of properties: Credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored.

The impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogeneous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Company does not hold collateral as security. The Company's credit period generally ranges from 30-60 days.

Financial Instrument and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty.

Counterparty credit limits are reviewed by the Company's Board of Directors on an annual basis, and may be updated throughout the year subject to approval of the Company's Finance Committee. The limits are set to minimize the concentration of risks and therefore mitigate financial loss through a counterparty's potential failure to make payments. The Company's maximum exposure to credit risk for the components of the statement of financial position at 31 March 2021 and 2020 is the carrying amounts.

c) *Liquidity risk*

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank deposits and loans.

The table below summarizes the maturity profile of the Company's financial liabilities based on contractual undiscounted payments:

| | On demand | Less than 3 months | 3 to 12 months | 1 to 5 years | >5 years | Total |
|---------------------------|-----------|--------------------|----------------|--------------|----------|----------|
| Year ended March 31, 2021 | | | | | | |
| Borrowings | 251.39 | 14.75 | 1918.88 | 25686.13 | -- | 27871.15 |
| Trade payables | 70.00 | 461.53 | 1446.18 | 14393.62 | -- | 16371.33 |
| | | | | | | |
| Year ended March 31, 2020 | | | | | | |
| Borrowings | 201.39 | 9.43 | 2434.11 | 24820.38 | -- | 27465.31 |
| Trade payables | 60.00 | 632.47 | 2141.80 | 14376.36 | -- | 17210.63 |

43. Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximize the shareholder value.

The Board of Directors of the Company seek to maintain a balance between the higher returns that might be possible with higher level of borrowing and advantages by a sound capital position.

Prajay Engineers Syndicate Limited**Notes forming part of the Standalone Financial Statements**

(All amounts in Indian Rupees Lakhs, except share data and where otherwise stated)

The Company monitors capital using a ratio of "Net debt to equity". The Company's net debt to equity ratio is as follows:

| Particulars | 31 March 2021 | 31 March 2020 |
|--------------------------|---------------|---------------|
| Net debt (Rs.Lakhs) | 27875.12 | 27465.30 |
| Total equity(Rs.Lakhs) | 56,853.23 | 57,142.92 |
| Net debt to equity ratio | 0.49 | 0.48 |

44. Due to Covid-19 pandemic, the company could only start its Hospitality Division's operations on 1st November, 2020 and hence there was little revenue from the Hospitality Division during the year. The company's Construction Division operations are also severely effected after 24th March, 2020.

The lockdown imposed to contain the spread of Covid-19 and aftermath impacted significantly the Company's operations and financial results for the year under review. The company has been taking special measures required for containing the spread of Covid-19 and the operations have resumed gradually during the year. However limited availability of work force continue to impact the progress. The results for the year is not comparable with those of previous years. The company has taken necessary measures to control the costs and also to maintain the liquidity to ensure progress in the projects wherever possible. The company continues to monitor the economic effects of the pandemic while taking necessary steps to improve operations.

Further to above, the R&S Department of Telangana had stopped registrations from September, 2020 to December,2020 which severely impacted the revenue of the company during the period.

45. Prior year comparatives

The figures of the previous year have been regrouped/reclassified, where necessary, to conform with the current year's classification.

INDEPENDENT AUDITOR'S REPORT

To the Members of Prajay Engineers Syndicate Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of Prajay Engineers Syndicate Limited ("the Holding Company") and its subsidiaries (Holding company and its subsidiaries together referred to as "the Group") and its associates which comprise the consolidated balance sheet as at 31 March 2021, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows for the year than ended, and notes to the consolidated financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statement give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the recognition and measurement principles laid down in the applicable Indian Accounting Standards, and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2021, its profit/loss and other comprehensive income, changes in equity and its cash flows for the year ended on the date.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial results include annual financial results of the following entities:

a) List of Subsidiaries

1. Prajay Holdings Private Limited.
2. Prajay Retail Properties Private Limited.
3. Secunderabad Golf and Leisure Resorts Private Limited.

b) List of Associates

1. Prajay Properties Private Limited.

Basis for Opinion

We Conducted our audit in accordance with the standards on Auditing (SAs) specified under section 143 (10) of the Act. Our responsibilities under those SAs are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the company in accordance with the code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matters

We draw attention to below mentioned Notes to consolidated annual financial results :

- a) Note No. 41 relating to case filed in Hyderabad Bench of NCLT against the company and it' subsidiary company.
- b) Note No. 37 relating to a demand notice received by the company.
- c) Note No. 35(a) of the Consolidated Financial Statements, in respect of trade receivable considered good include an amount of Rs.18521.86 Lakhs due from customers which are outstanding for more than six months. We are unable to comment on the realization of these receivables in the absence of confirmation from the concerned parties. An amount of Rs.1246.96 Lakhs is set aside towards provision for trade receivables considered as doubtful.
- d) Note No. 35(b) of the consolidated financial statements, in respect of Loans & Advances amounting to Rs.4735.71 Lakhs towards purchase of Land / Development towards certain project of long term nature, and an amount of Rs.1055.55 Lakhs given to suppliers etc, outstanding from earlier years. We are unable to comment on the realization of these advances. An amount of Rs.700 Lakhs is set aside towards provision for Advances considered as doubtful.
- e) Interest Accrued amounting to Rs.11371.21 Lakhs (Including Rs.1361.60 Lakhs for the Year), on compulsorily convertible debentures (Note 35C) has not been provided for. This constitutes a departure from the Accounting standards. Accordingly, had this interest been provided for and capitalized to inventories as done in earlier periods, Inventories and current Liabilities would have been higher by Rs.11371.21 Lakhs (Including Rs.1361.60 Lakhs for the year).

As more specifically explained in Note 2 and 3 to the financial statements, the Company has made a detailed assessment of its liquidity position for the next year and the recoverability and carrying value of its assets comprising property, plant and equipment, investments, inventory and trade receivables. Based on current indicators of future economic conditions, the Company expects to recover the carrying amount of these assets. The Company continues to evaluate them as highly probable considering the orders in hand. The situation is changing rapidly giving rise to inherent uncertainty around the extent and timing of the potential future impact of the COVID-19 pandemic which may be different from that estimated as at the date of approval of the financial results. The Company will continue to closely monitor any material changes arising of future economic conditions and impact on its business.

We draw attention to the consolidated financial results. There are some uncertainties and possible effects of Covid-19 on the operations of the Company.

Our opinion is not modified in respect of these matters.

Key Audit Matters

Key audit matters are those matters that in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion there on, and we do not provide a separate opinion on these matters.

Revenue recognition (refer note 3.1 to the consolidated financial statements)

| The key Audit Matter | How the matter was addressed in our audit |
|--|--|
| <p>Revenue from sale of residential and commercial units represents 92.24 % of the total revenue from operations of the company.</p> <p>Revenue recognition – fixed price development contracts The Group inter alia engages in fixed – price development contracts, where, revenue is recognized using the percentage of completion computed as per the input method based on management's estimate of contract costs (Refer Note 3.3 to the consolidated financial Statements).</p> <p>Measurement of revenue recorded over time which is dependent on the estimates of the costs to complete Revenue recognition involves significant estimates related to measurement of costs to complete for the projects. Revenue from projects is recorded based on management's assessment of the work completed, costs incurred and accrued and the estimate of the balance costs to complete.</p> <p>Due to the inherent nature of the projects and significant judgement involved in the estimate of costs to complete, there is risk of overstatement or understatement of revenue.</p> <p>At Year-end a significant amount of work in progress related to these contracts is recognized on the balance sheet.</p> | <p>Our audit procedures on revenue recognition included the following;</p> <ul style="list-style-type: none"> Evaluating that the company's revenue recognition accounting policies are in line with the applicable Accounting standards and their application to the key customer contracts including consistent application; Sales cut-off procedures for determination of revenue in the current reporting period. Scrutinizing all the revenue journal entries raised throughout the reporting period and comparing details of a sample of these journals, Which met certain risk-based criteria, with relevant underlying documentation; Conducting site visits during the year for selected projects to understand the scope and nature of the projects and to assess the progress of the projects and Considered the adequacy of the disclosures in note 2 & 3 to the consolidated financial statement in respect of the judgment taken in recognizing revenue for residential and hospitality sector. <p>In addition, we have performed the following procedures:</p> <p>Revenue recognition prior to receipt of OC / similar approval and intimation to the customer</p> <ul style="list-style-type: none"> Discussing and challenging key management judgments in interpreting contractual terms including obtaining in- house legal interpretations; Testing sample sales of units for projects with the underlying contracts, completion status and proceeds received from customers; Identified and tested operating effectiveness of key controls around approvals of contracts, milestone billing, intimation of possession letters / intimation of receipt of occupation certificate and controls over collection from customers; and We have obtained confirmations, on a sample basis, from major customers for selected projects to confirm revenue recognised during the year end, performing alternative procedures by comparing details with contracts , collection details and other underlying project related documentation for cases where confirmations are not received. <p>Measurement of revenue recorded over time which is dependent on the estimates of the costs of complete Compared, on a sample basis, revenue transactions recorded during the year with the underlying contracts, progress reports, invoices raised on customers and collections in bank accounts</p> |

| | |
|--|---|
| | <p>and whether the related revenue had been recognized in accordance with the Group's revenue recognition policies;</p> <ul style="list-style-type: none"> • Identification and testing operating effectiveness of key controls over recording of actual costs incurred for the projects; • Review of the costs to complete workings, comparing the costs to complete with the budgeted costs and inquiring into reasons for variance; and • Sighting approvals for changes in budgeted costs with the rationale for the changes and assessment of contract costs to determine no revenue nature costs are taken to inventory. |
|--|---|

Inventories (refer note 11 to consolidated financial statements)

| The key Audit Matter | How the matter was addressed in our audit |
|--|---|
| <p>Inventories comprising of land, construction work in progress, food & beverages represent 41.64% of the Company's total assets.</p> <p>Assessing net realizable value</p> <p>The Group recognizes profit on each sale by reference to the overall project margin, which is the projected profit percentage for a phase that may comprise multiple units and can last a number of years. The recognition of profit is therefore dependent on the estimate of future selling prices and build costs including an allowance for risk. Further estimation uncertainty and exposure to cyclicity exists within the long term projects.</p> <p>Forecasts of future sales are dependent on market conditions, which can be difficult to predict and be influenced by political and economic factors.</p> <p>Inventory represents the capitalized project costs to date less amounts expensed on sales by reference to the aforementioned projections. It is held at the lower of cost and net realizable value, the latter also being based on the forecast for the project. As such inappropriate assumptions in these forecasts can impact the assessment of the carrying value of inventories.</p> <p>Further, due to their materiality in the context of total assets of the Company this is considered significant to our overall audit strategy and planning.</p> | <p>Our audit procedures to assess the net realizable value (NRV) of inventories included the following:</p> <ul style="list-style-type: none"> • Discussion with the management to understand the basis of calculation and justification for the estimated recoverable amounts of the unsold units ("the NRV assessment"); • Evaluating the design and implementation of the Company's internal controls over the NRV assessment. Our evaluation included assessing whether the NRV assessment was prepared and updated by appropriate personnel of the Company and whether the key estimates, including estimated future selling prices and costs of completion for all property development projects, used in the NRV assessment, were discussed and challenged by management as appropriate; • Evaluating the management's valuation methodology and assessing the key estimates, data inputs and assumptions adopted in the valuations, which included comparing expected future average selling prices with available market data such as recently transacted prices for similar properties located in the nearby vicinity of each property development project and the sales budget plans maintained by the Company; • Re-performing the calculations of the NRV assessment and comparing the estimated construction costs to complete each development with the Company's updated budgets. |

Land Advances -(refer note 10 to the consolidated financial statements)

| The key Audit Matter | How the matter was addressed in our audit |
|---|--|
| <p>Assessment of recoverability of land advances</p> <p>Land advance represents a sizeable portion of the Company's total assets.</p> <p>Land advance represents the amount paid towards procurement of land parcels to be used in the future, for construction of residential projects. These advances are carried at cost less impairment losses, if any. These land advance will be converted into land parcels as per the terms of the underlying contract under which these land advances have been given. To assess the carrying value of land advances, these advances are tested for recoverability by the Company by comparing the valuation of land parcels in the same area for which land advances have been given.</p> <p>Further due to their materiality in the context of total assets of the company this is consider significant to our overall audit.</p> | <p>Our audit procedures to assess the recoverability of land advances included the following;</p> <ul style="list-style-type: none"> • For our samples, verified the underlying agreements in possession of the Company, based on which land advances were given; • Discussion with the management to understand their plan for conversation of these land advances into land parcels; and • For our samples, verified the valuation reports of land stock. |

Other Information

The Group's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the consolidated financial statements and our auditors' report there on.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion there on.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statement or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Group's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act, with respect to the preparation of these consolidated financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flow of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the Preparation and Presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibility for the audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

(A) As required by Section 143(3) of the Act, based on our audit, we report, to the extent applicable that:

- (a) We have sought and obtained all the information and explanations, which to the best of our knowledge and belief, were necessary for the purposes of our audit;
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- (c) The consolidated balance sheet, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows dealt with by this report are in agreement with the books of account;
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act;
- (e) On the basis of the written representations received from the directors as on 31 March 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2021 from being appointed as a director in terms of Section 164 (2) of the act; and
- (f) With respect to the adequacy of the internal financial controls with reference to the consolidated financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

(B) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the Explanations given to us :

- (i) The Company has disclosed the impact of pending litigations as at 31 March 2021 on its financial position in its consolidated financial statements - Refer Note 34 & 41 to the consolidated financial statements;
- (ii) The Company did not have any long-term contracts, including derivative contracts, for which there were any material foreseeable losses;
- (iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company during the year ended 31 March 2021; and

- (iv) The disclosures in the consolidated financial statements regarding holdings as well as dealings in Specified Bank Notes during the period from 8 November 2016 to 30 December 2016 have not been made in these consolidated financial statements since they do not pertain to the financial year ended 31 March 2021.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT – 31 MARCH 2021

Report on the Internal Financial Controls with reference to the aforesaid consolidated financial statements under Clause (I) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

(Referred to in paragraph (A) (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to consolidated financial statements of Prajay Engineers Syndicate Limited ("The Company") as of 31 March 2021 in conjunction with our audit of the consolidated financial statements of the Company for the year ended on the date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls were operating effectively as at 31 March 2021, based on the internal financial controls with reference to consolidated financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note")

Management's Responsibility by Internal Financial Controls

The Group's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal controls with reference to consolidated financial statements criteria established by the Company considering the essential components or internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation or reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with respect to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143 (10) of the Act, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with respect to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with respect to consolidated financial statements included obtaining an understanding of internal financial controls with respect to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to consolidated financial statements.

Meaning of Internal Financial Controls with reference to Consolidated Financial Statements

A Company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purpose in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company, (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company, and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluations of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

- d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

Liabilities:

A liability is classified as current when it satisfies any of the following criteria:

- a) it is expected to be settled in the normal operating cycle;
- b) it is held primarily for the purpose of being traded;
- c) it is due to be settled within twelve months after the reporting date; or
- d) the Group does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current assets/ liabilities include the current portion of non-current assets/ liabilities respectively. All other assets/ liabilities are classified as non-current.

3. Significant accounting policies

3.1 Basis of consolidation

Subsidiaries

Subsidiaries are all entities (including special purpose entities) that are controlled by the Company. Control exists when the Company is exposed to, or has rights to variable returns from its involvement with the entity and has the ability to affect those returns through power over the entity. In assessing control, potential voting rights are considered only if the rights are substantive. The financial statements of subsidiaries are included in these consolidated financial statements from the date that control commences until the date that control ceases. For the purpose of preparing these consolidated financial statements, the accounting policies of subsidiaries have been changed where necessary to align them with the policies adopted by the Company

Associates (equity accounted investees)

Associates are those entities over which the Company has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the entities but is not control or joint control of those policies. Significant influence is generally presumed to exist when the Company holds between 20% and 50% of the voting power of another entity.

Investments in associates are accounted for using the equity method (equity accounted investees) and are initially recognised at cost. The carrying value of the Company's investment includes goodwill identified on acquisition, net of any accumulated impairment losses. The Company does not consolidate entities where the non-controlling interest ("NCI") holders have certain significant participating rights that provide for effective involvement in significant decisions in the ordinary course of business of such entities. Investments in such entities are accounted by the equity method of accounting. When the Company's share of losses exceeds its interest in an equity accounted investee, the carrying amount of that interest (including any long-term investments) is reduced to zero and the recognition of further losses is discontinued except to the extent that the Company has an obligation or has made payments on behalf of the investee.

For the purpose of preparing these consolidated financial statements, the accounting policies of associates have been changed where necessary to align them with the policies adopted by the Company.

Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealized income and expenses arising from intra-group transactions, are eliminated in full while preparing these consolidated financial statements. Unrealized gains or losses arising from transactions with equity accounted investees are eliminated against the investment to the extent of the Company's interest in the investee.

Loss of Control

Upon loss of control, the Company derecognizes the assets and liabilities of the subsidiary, any non-controlling interests and the other components of equity related to the subsidiary. Any surplus or deficit arising on the loss of control is recognised in the consolidated statement of profit and loss. If the Company retains any interest in the previous subsidiary, then such interest is measured at fair value at the date that control is lost. Subsequently, it is accounted for as an equity-accounted investee or as a FVTOCI or FVTPL financial asset, depending on the level of influence retained.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e., year ended on 31st March.

3.2 Business combinations and goodwill

In accordance with Ind AS 101 provisions related to first time adoption, the Group has elected to apply Ind AS accounting for business combinations prospectively from transition date i.e., 1 April 2015. As such, Indian GAAP balances relating to business combinations entered into before that date, including goodwill, have been carried forward.

The Company uses the acquisition method of accounting to account for business combinations. The acquisition date is the date on which control is transferred to the acquirer. Judgment is applied in determining the acquisition date and determining whether control is transferred from one party to another. Control exists when the Company is exposed to, or has rights to variable returns from its involvement with the entity and has the ability to affect those returns through power over the entity. In assessing control, potential voting rights are considered only if the rights are substantive. The Company measures goodwill as of the applicable acquisition date at the fair value of the consideration transferred, including the recognised amount of any non-controlling interest in the acquiree, less the net recognised amount of the identifiable assets acquired and liabilities assumed. When the fair value of the net identifiable assets acquired and liabilities assumed exceeds the consideration transferred, the excess is recognised in equity as capital reserve. Consideration transferred includes the fair values of the assets transferred, liabilities incurred by the Company to the previous owners of the acquiree, and equity interests issued by the Company. Consideration transferred also includes the fair value of any contingent consideration. Consideration transferred does not include amounts related to the settlement of pre-existing relationships. Any goodwill that arises on account of such business combination is tested annually for impairment.

Any contingent consideration is measured at fair value at the date of acquisition. If an obligation to pay contingent consideration that meets the definition of a financial instrument is classified as equity, then it is not re-measured and the settlement is accounted for within equity. Otherwise, other contingent consideration is re-measured at fair value at each reporting date and subsequent changes in the fair value of the contingent consideration are recorded in the consolidated statement of profit and loss.

A contingent liability of the acquiree is assumed in a business combination only if such a liability represents a present obligation and arises from a past event, and its fair value can be measured reliably. On an acquisition-by-acquisition basis, the Company recognizes any non-controlling interest in the acquiree either at fair value or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets. Transaction costs that the Company incurs in connection with a business Combination are expensed as incurred.

Acquisitions of non-controlling interests are accounted for as transactions with equity holders in their capacity as equity holders. The difference between any consideration paid and the relevant share acquired of the carrying value of net assets of the subsidiary is recorded in equity.

3.3 Revenue recognition

Revenue is recognized when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated costs can be estimated reliably, there is no continuing management involvement with the goods and the amount of revenue can be measured reliably. Revenue is measured at the fair value of the consideration received or receivable, net of taxes and applicable trade discounts and allowances.

Notes forming part of the consolidated financial statements

(All amounts in Indian Rupees Lakhs, except share data and where otherwise stated)

- (i) Revenue from sale of land / plots is recognized in the financial year in which the agreement to sell is executed, at which time all the following conditions are satisfied:
 - the Company has transferred to the buyer the significant risks and rewards of ownership;
 - the Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the land sold;
 - the amount of revenue can be measured reliably;
 - it is probable that the economic benefits associated with the transaction will flow to the Company; and the costs incurred or to be incurred in respect of the transaction can be measured reliably.
- (ii) Revenue from constructed properties (excluding GST) is recognized on the “percentage of completion method”. The total sale consideration as per the agreements to sell constructed properties entered is recognized as revenue only when the stage of completion is 20 percent or more when the outcome of the project can be estimated reliably. When it is probable that total costs will exceed the total project revenue the expected loss is recognized immediately.
GST does not form part of gross revenue.
- (iii) Contract revenue from the construction contracts are recognized on “percentage of completion method measured by survey of work performed” depending on the nature of the contract. The revenue on construction contract is recognized only when the stage of completion is 20 percent or more when the outcome of the contract can be estimated reliably. When it is probable that the total cost exceeds the total contract revenue, the expected loss is recognized immediately.
- (iv) Income from sale of Rooms, Food and Beverages and allied services relating to hotel operations is recognized upon rendering of the service. Income stated is exclusive of amount received towards sales tax/ service tax etc.
- (v) In respect of membership (club) sales, revenue is recognized as under:
 - Life membership, Permanent membership and Time-share membership over a period of 15 years,
 - Long-term membership over a period of 3 years.
 - Health club membership fully in the year of receipt.

Dividend and interest income

Dividend income from investments is recognized when the shareholder's right to receive payment has been established.

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on, time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

3.4 Cost of construction

Cost of constructed properties includes cost of land (including land under agreements to purchase), estimated internal development costs, external development charges, constructions costs and development/ construction materials, which is charged to the statement of profit and loss based on the percentage of revenue recognized, in consonance with the concept of matching costs and revenue. Final adjustment is made on completion of the applicable project.

Cost of Construction Contracts includes estimated construction costs and construction material, which is charged to the statement of profit and loss based on percentage of revenue recognized measured by survey of work performed as per accounting policy above, depending on the nature of the contract, in consonance with the concept of matching costs and revenue. Final adjustment is made on completion of the applicable project.

Overhead expenses comprising costs other than those directly charged to the jobs are distributed over the various projects on a pro-rata basis having regard to the activity and nature of such projects.

3.5 Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Rental expense from operating leases is generally recognised on a straight-line basis over the term of relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increase, such increases are recognised in the year in which such benefits accrue. Contingent rentals arising under operating leases are recognised as an expense in the period in which they are incurred.

3.6 Foreign currencies

In preparing the financial statements of the Company, transactions in currencies other than the company's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

3.7 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

3.8 Taxation

Income tax expense consists of current and deferred tax. Income tax expense is recognized in the income statement except to the extent that it relates to items recognized directly in equity, in which case it is recognized in equity.

Current tax

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax

Deferred tax is recognized using the balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognized for the following temporary differences: the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit; differences relating to investments in subsidiaries and jointly controlled entities to the extent that it is probable that they will not reverse in the foreseeable future; and taxable temporary differences arising upon the initial recognition of goodwill. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date. Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

A deferred tax asset is recognized to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

3.9 Earnings per share

The Company presents basic and diluted earnings per share ("EPS") data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, which includes all stock options granted to employees.

3.10 Property, plant and equipment

Recognition and measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes expenditures that are directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the cost of materials and other costs directly attributable to bringing the asset to a working condition for its intended use. Borrowing costs that are directly attributable to the construction or production of a qualifying asset are capitalized as part of the cost of that asset.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Gains and losses upon disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment and are recognized net within "other (income)/expense, net" in the income statement.

The cost of replacing part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The costs of repairs and maintenance are recognized in the income statement as incurred.

Items of property, plant and equipment acquired through exchange of non-monetary assets are measured at fair value, unless the exchange transaction lacks commercial substance or the fair value of either the asset received or asset given up is not reliably measurable, in which case the asset exchanged is recorded at the carrying amount of the asset given up.

Useful lives of depreciable assets

Management reviews the useful lives of depreciable assets at each reporting period. As at March 31, 2021 management assessed that the useful lives represent the expected utility of the assets to the Company. Further, there is no significant change in the useful lives as compared to previous year.

Depreciation

Depreciation is recognized in the income statement on a straight-line basis over the estimated useful lives of property, plant and equipment as prescribed in Schedule II to the Companies Act, 2013. Leased assets are depreciated over the shorter of the lease term and their useful lives. The depreciation expense is included in the costs of the functions using the asset. Land is not depreciated.

Software for internal use, which is primarily acquired from third-party vendors and which is an integral part of a tangible asset, is capitalized as part of the related tangible asset. Subsequent costs associated with maintaining such software are recognized as expense as incurred. The capitalized costs are amortized over the estimated useful life of the software or the remaining useful life of the tangible fixed asset, whichever is lower.

3.11 Inventories

Inventories are valued as under:

- Land earmarked for property development is valued at cost. Cost includes land acquisition cost, registration charges and stamp duty.

Prajay Engineers Syndicate Limited

Notes forming part of the consolidated financial statements

(All amounts in Indian Rupees Lakhs, except share data and where otherwise stated)

- Constructed properties includes cost of land, premium for development rights, construction costs and allocated interest and expenses incidental to the projects undertaken by the company.
- Stock of food and beverages are carried at cost and net realizable value, whichever is lower. Cost is determined on the "weighted average" method.

3.12 Impairment of non-financial assets

The carrying amounts of the Company's non-financial assets, other than inventories and deferred tax assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

The recoverable amount of an asset or cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or the cash-generating unit. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

An impairment loss is recognized in the income statement if the estimated recoverable amount of an asset or its cash-generating unit is lower than its carrying amount. Impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized. Goodwill that forms part of the carrying amount of an investment in an associate is not recognized separately, and therefore is not tested for impairment separately. Instead, the entire amount of the investment in an associate is tested for impairment as a single asset when there is objective evidence that the investment in an associate may be impaired.

An impairment loss in respect of equity accounted investee is measured by comparing the recoverable amount of investment with its carrying amount. An impairment loss is recognized in the income statement, and reversed if there has been a favorable change in the estimates used to determine the recoverable amount.

3.13 Employee benefits

3.14

Short-term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognized for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Defined contribution plans

The Company's contributions to defined contribution plans are charged to the income statement as and when the services are received from the employees.

Defined benefit plans

The liability in respect of defined benefit plans and other post-employment benefits is calculated using the projected unit credit method consistent with the advice of qualified actuaries. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates of high-quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating to the terms of the related defined benefit obligation. In countries where there is no deep market in such bonds, the market rates on government bonds are used. The current service cost of the defined benefit plan, recognized in the income statement in employee benefit expense, reflects the increase in the defined benefit obligation resulting from employee service in the current year, benefit changes, curtailments and settlements. Past service costs are recognized immediately in income. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the income statement. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to equity in other comprehensive income in the period in which they arise.

Prajay Engineers Syndicate Limited

Notes forming part of the consolidated financial statements

(All amounts in Indian Rupees Lakhs, except share data and where otherwise stated)

Termination benefits

Termination benefits are recognized as an expense when the Company is demonstrably committed, without realistic possibility of withdrawal, to a formal detailed plan to either terminate employment before the normal retirement date, or to provide termination benefits as a result of an offer made to encourage voluntary redundancy. Termination benefits for voluntary redundancies are recognized as an expense if the Company has made an offer encouraging voluntary redundancy, it is probable that the offer will be accepted, and the number of acceptances can be estimated reliably.

Other long-term employee benefits

The Company's net obligation in respect of other long term employee benefits is the amount of future benefit that employees have earned in return for their service in the current and previous periods. That benefit is discounted to determine its present value. Re-measurements are recognized in the statement of profit and loss in the period in which they arise.

3.15 Provisions

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

3.16 Contingent liabilities & contingent assets

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are not recognised in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

3.17 Financial instruments

Initial recognition

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issues of financial assets and financial liabilities that are not at fair value through profit or loss, are added to the fair value on initial recognition.

Subsequent measurement

Non-derivative financial instruments

- Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held with a business model whose objective to hold the asset in order to collect contractual cash flows, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

- Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held with a business model whose objective is achieved by collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are

Prajay Engineers Syndicate Limited

Notes forming part of the consolidated financial statements

(All amounts in Indian Rupees Lakhs, except share data and where otherwise stated)

solely payments of principal and interest on the principal amount outstanding. Further in cases where the Company had made an irrevocable election based on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognized in other comprehensive income.

- Investment in subsidiaries and associates

Investment in subsidiaries and associates are carried at cost in the separate financial statements.

- Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to short maturity of these instruments.

4. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in note 3, the management of the Company are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The following are the areas of estimation uncertainty and critical judgements that the management has made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognised in the financial statements:

5. Provision and contingent liability

On an ongoing basis, Company reviews pending cases, claims by third parties and other contingencies. For contingent losses that are considered probable, an estimated loss is recorded as an accrual in financial statements. Loss Contingencies that are considered possible are not provided for but disclosed as Contingent liabilities in the financial statements. Contingencies the likelihood of which is remote are not disclosed in the financial statements. Gain contingencies are not recognized until the contingency has been resolved and amounts are received or receivable.

- 28.** As stated in Note 3.3 (ii) for recognizing profit on projects, stage of completion is determined as a proportion that project costs incurred for the work performed bear to the estimated total costs. Further, as stated in the note expected loss on projects is recognized when it is probable that the total project costs will exceed the total project revenue. For this purpose total project costs are ascertained on the basis of project costs incurred and costs to completion of projects on progress, which is arrived at by the Management, based on current technical data, forecasts and estimate of net expenditure to be incurred in future including for contingencies etc., which being technical matters have been relied on by auditors. Further, in respect of certain properties where sale agreement has been entered with parties even though money has not been received as per stipulation in the contract, the Company has recognized revenue and debtors as management is confident that it shall be able to realize the sale proceeds.
- 29.** As stated in Note 3.3 (iii) the method used to recognize the contract revenue is percentage of completion method measured by survey of work performed. Further, as stated in that note expected loss on contracts is recognized when it is probable that the total contract cost will exceed the total contract revenue. For this purpose total contract cost is ascertained on the basis of contract cost incurred and cost to completion of contract on progress, which is arrived at by the Management, based on current technical data, forecasts and estimate of net expenditure to be incurred in future including for contingencies etc., which being technical matters have been relied on by auditors.
- 30.** Inventories of constructed properties include land admeasuring 59 acres 21 guntas at Maheshwaram, Hyderabad, Telangana for which the subsidiary company has received approval vide letter no.1503/HADA/GH/2007 dated 08.10.2008 for development of Group housing layout, subject to certain conditions which include mortgage/charge on certain dwelling units to Hyderabad Metropolitan Development Authority(HMDA).

32. Segment information

The senior management of the Company monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Accordingly, the Company has identified following as its reportable segment for the purpose of Ind AS 108:

a) Real estate segment;

b) Hotels and resorts segment.

Real Estate segment (RE) is into development, sale, management and operation of all or any part of townships, housing projects, also includes leasing of self owned commercial premises.

Hotels and Resorts Segment (HR) is into upkeep and maintenance of Hotels, Restaurants and Resorts. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the financial statements. Also, the Company's financing (including finance costs and finance income) and income taxes are managed on a overall basis and are not allocated to operating segments.

Transfer prices between operating segments are on an arm's length basis in a manner similar to transactions with third parties.

The following table's present revenue and profit information for the Company's operating segments for the year ended March 31, 2021 and March 31, 2020 respectively.

33. Earnings per share

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders by the weighted average number of Equity shares outstanding during the year.

Diluted EPS amounts are calculated by dividing the profit attributable to equity holders by the weighted average number of Equity shares outstanding during the year plus the weighted average number of Equity shares that would be issued on conversion of all the dilutive potential Equity shares into Equity Shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

| Particulars | 31 March 2021 | 31 March 2020 |
|---|---------------|---------------|
| Profit/(Loss) after tax attributable to shareholders in INR Lakhs | (505.89) | (535.14) |
| Weighted average number of equity shares of INR 10 each outstanding during the period used in calculating basic and diluted EPS | 69,935,791 | 69,935,791 |
| Earnings per Share (Basic & Diluted) | (0.72) | (0.77) |

Note: Dilution in EPS on account of compulsorily convertible debentures has not been considered as the terms of the debenture subscription agreement indicate that the number of equity shares to be issued against each debenture shall be decided within 8 years from the date of issue. The conversion ratio/price, as of the balance sheet date has not been decided.

A demand notice has been received by the company from M/s Prajay Properties Private Limited (an associate company) under the signature of Ms.Jamila Mohamed Hamed Al Jabri, Investor nominee director of M/s Prajay Properties Private Limited(PPPL), stating that in the year 2010, an amount of INR 120.60 crores siphoned from PPPL in the name of Inter Corporate Deposits. However, we would like to inform that a settlement agreement has been reached with the investors which has not implemented for want of legal opinion from the investor's solicitor. The above said notice is also connected to the same matter. The company is taking appropriate steps to address the matter.

38. Financial risk management objectives and policies

The Group's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance and support Group's operations. The Company's principal financial assets include inventory, trade and other receivables, cash and cash equivalents and land advances and refundable deposits that derive directly from its operations.

The Group is exposed to market risk, credit risk and liquidity risk. The Group's senior management oversees the management of these risks. The Board of Directors or respective companies reviews and agrees policies for managing each of these risks, which are summarized below.

a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: interest rate risk and other price risk, such as equity price risk and commodity/ real estate risk. Financial instruments affected by market risk include loans and borrowings and refundable deposits. The sensitivity analysis in the following sections relate to the position as at March 31, 2021 and March 31, 2020. The sensitivity analyses have been prepared on the basis that the amount of net debt and the ratio of fixed to floating interest rates of the debt.

Prajay Engineers Syndicate Limited

(All amounts in Indian Rupees Lakhs, except share data and where otherwise stated)

The analysis excludes the impact of movements in market variables on: the carrying values of gratuity and other post retirement obligations; provisions.

The below assumption has been made in calculating the sensitivity analysis:

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2021 and March 31, 2020.

i. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings. The Company does not enter into any interest rate swaps.
Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest Rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as Follows:

| | Increase/decrease in interest rate | Effect on profit before tax |
|-----------------------|---------------------------------------|--------------------------------|
| March 31, 2021 | | |
| INR | +1% | (334.82) |
| INR | -1% | 334.82 |
| | | |
| March 31, 2020 | | |
| INR | +1% | (333.03) |
| INR | -1% | 333.03 |

b) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including refundable joint development deposits, security deposits, loans to employees and other financial instruments.

Trade receivables

- Receivables resulting from sale of properties: Customer credit risk is managed by requiring customers to pay advances before transfer of ownership, therefore, substantially eliminating the Company's credit risk in this respect.
- Receivables resulting from other than sale of properties: Credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored.

The impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogeneous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Company does not hold collateral as security. The Company's credit period generally ranges from 30-60 days.

(All amounts in Indian Rupees Lakhs, except share data and where otherwise stated)

Financial Instrument and cash deposits:

Credit risk from balances with banks and financial institutions is managed by the Group's treasury department in accordance with the Group's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counter party.

Counterparty credit limits are reviewed by the Group and respective Company's Board of Directors on an annual basis, and may be updated throughout the year subject to approval of the respective Company's Finance Committee. The limits are set to minimize the concentration of risks and therefore mitigate financial loss through a counter party's potential failure to make payments. The Group's maximum exposure to credit risk for the components of the statement of consolidated financial position at 31 March 2021 and 2020 is the carrying amounts.

c) *Liquidity risk*

d)

The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of bank deposits and loans.

The table below summarizes the maturity profile of the Group's financial liabilities based on contractual undiscounted payments: (Amounts in INR lakhs)

| | On demand | Less than 3 months | 3 to 12 months | 1 to 5 years | >5 years | Total |
|---------------------------|-----------|--------------------|----------------|--------------|----------|----------|
| Year ended March 31, 2021 | | | | | | |
| Borrowings | 251.39 | 14.75 | 1918.88 | 35325.71 | -- | 35510.73 |
| Trade payables | 70.00 | 461.53 | 1446.18 | 16350.14 | -- | 18327.85 |
| | | | | | | |
| Year ended March 31, 2020 | | | | | | |
| Borrowings | 201.39 | 9.43 | 2434.11 | 34409.13 | -- | 37054.06 |
| Trade payables | 60.00 | 632.47 | 2216.80 | 16074.15 | -- | 18983.42 |

39. Capital management

For the purpose of the Group's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the Group Companies. The primary objective of the Group's capital management is to maximize the shareholder value.

The Group and respective Board of Directors of the Company's seek to maintain a balance between the higher returns that might be possible with higher level of borrowing and advantages by a sound capital position.

The Group monitors capital using a ratio of "Net debt to equity". The Group's net debt to equity ratio is as follows:

| Particulars | 31 March 2021 | 31 March 2020 |
|--------------------------|---------------|---------------|
| Net debt | 37,521.50 | 37,060.63 |
| Total equity | 57,030.07 | 57,545.00 |
| Net debt to equity ratio | 0.66 | 0.64 |

40. Prior year comparatives

The figures of the previous year have been regrouped/reclassified, where necessary, to conform with the Current year's classification.

41. Petition was filed against M/s Prajay Holdings Private Limited, a subsidiary company under Section 241, 242 and/or other applicable provision of the Companies Act, 2013 before National Company Law Tribunal, Hyderabad by White Stock Limited, a foreign shareholder of the company Vide CP No.468/241/HDB/2018 and M/s Prajay Holdings Private Limited has authorized its directors to represent the company before the Hon'ble court and make submissions in the best interest of stakeholders of the company.

42. Due to Covid-19 pandemic, the company could only start its Hospitality Division's operations on 1st November, 2020 and hence there was little revenue from the Hospitality Division during the year. The company's Construction Division operations are also severely effected after 24th March, 2020.

The lockdown imposed to contain the spread of Covid-19 and aftermath impacted significantly the Company's operations and financial results for the year under review. The company has been taking special measures required for containing the spread of Covid-19 and the operations have resumed gradually during the year. However limited availability of work force continue to impact the progress. The results for the year is not comparable with those of previous years. The company has taken necessary measures to control the costs and also to maintain the liquidity to ensure progress in the projects wherever possible. The company continues to monitor the economic effects of the pandemic while taking necessary steps to improve operations.

Further to above, the R&S Department of Telangana had stopped registrations from September, 2020 to December, 2020 which severely impacted the revenue of the company during the period.
